### Cover image

Simulation of droplet trajectory during tracheal intubation with videolaryngoscopy and protective box. This issue contains a Special Section on Respiration and the Airway following a call for papers in conjunction with the 2019 World Airway Management Meeting held in Amsterdam, for which the *British Journal of Anaesthesia* was the official journal. The Special Issue includes 8 editorials, 14 articles, 21 letters and selected abstracts from WAMM2019. The cover image is taken from the report by Yang and colleagues (pp e190–1).
