

EDITORIALS

A glimpse into the future of postoperative arterial blood pressure monitoring*F. Michard, T. W. L. Scheeren and B. Saugel*

113

**Asleep or awake: is paediatric regional anaesthesia without general anaesthesia possible?***P.-A. Lönnqvist*

115

COVID-19 AND THE ANESTHETIST: A SPECIAL SERIES

Sevoflurane, a sigh of relief in COVID-19?*G. J. Nieuwenhuijs-Moeke, J. S. Jainandunsing and M. M. R. F. Struys*

118

CARDIOVASCULAR

Personalised haemodynamic management targeting baseline cardiac index in high-risk patients having major abdominal surgery: a randomised single-centre clinical trial*J. Y. Nicklas, O. Diener, M. Leistenschneider, C. Sellhorn, G. Schön, M. Winkler, G. Daum, E. Schwedhelm, J. Schröder, M. Fisch, B. Schmalfeldt, J. R. Izbicki, M. Bauer, S. M. Coldewey, D. A. Reuter and B. Saugel*

122

CLINICAL PRACTICE

Availability of dantrolene for the management of malignant hyperthermia crises: European Malignant Hyperthermia Group guidelines*K. P. E. Glahn, D. Bendixen, T. Girard, P. M. Hopkins, S. Johannsen, H. Rüffert, M. M. Snoeck and A. Urwyler on behalf of the European Malignant Hyperthermia Group*

133

Association between intraoperative intravenous lidocaine infusion and survival in patients undergoing pancreatectomy for pancreatic cancer: a retrospective study*H. Zhang, L. Yang, X. Zhu, M. Zhu, Z. Sun, J. P. Cata, W. Chen and C. Miao*

141

PAIN

Persistent pain in intensive care survivors: a systematic review*O. J. Mäkinen, M. E. Bäcklund, J. Liisanantti, M. Peltomaa, S. Karlsson and M.-L. Kalliomäki*

149

Trends in gabapentinoid prescribing, co-prescribing of opioids and benzodiazepines, and associated deaths in Scotland*N. Torrance, A. Veluchamy, Y. Zhou, E. H. Fletcher, E. Moir, H. L. Hebert, P. T. Donnan, J. Watson, L. A. Colvin and B. H. Smith*

159

REGIONAL ANAESTHESIA

Effect of mental rotation skills training on ultrasound-guided regional anaesthesia task performance by novice operators: a rater-blinded, randomised, controlled study*D. W. Hewson, R. Knudsen, S. Shanmuganathan, E. Ferguson, J. G. Hardman, N. M. Bedford and R. A. McCahon*

168

Perineural dexamethasone attenuates liposomal bupivacaine-induced delayed neural inflammation in mice *in vivo**F. Ferré, A. Krin, M. Sanchez, D. Ancelin, E. Cavaignac, A. Charre, M. Bennis, P. Marty, C. Dray, A. Bouchet, M. Kurrek and V. Minville*

175

RESPIRATION AND THE AIRWAY

Front-of-neck airway rescue with impalpable anatomy during a simulated cannot intubate, cannot oxygenate scenario: scalpel-finger-cannula versus scalpel-finger-bougie in a sheep model*A. Heard, H. Gordon, S. Douglas, N. Grainger, H. Avis, P. Vlaskovsky and A. Toner on behalf of the study collaborators*

184

Systemic haemodynamic, renal perfusion and renal oxygenation responses to changes in inspired oxygen fraction during total intravenous or volatile anaesthesia*N. Iguchi, J. Kosaka, Y. Iguchi, R. G. Evans, R. Bellomo, C. N. May and Y. R. Lankadeva*

192

STATISTICS IN ANAESTHESIA: A SPECIAL SERIES

Theory and practical use of Bayesian methods in interpreting clinical trial data: a narrative review*D. Ferreira, M. Barthoulot, J. Pottecher, K. D. Torp, P. Diemunsch and N. Meyer*

201

CORRESPONDENCE

- Why chest compressions should start when systolic arterial blood pressure is below 50 mm Hg in the anaesthetised patient. Reply to *Br J Anaesth* 2020; 124: 234–8**
A. Khandelwal, G. P. Singh and A. Chaturvedi e217
- Haemolysis index: validation for haemolysis detection during extracorporeal membrane oxygenation**
E. Boissier, K. Lakhal, T. Senage, P. Bizouarn, T. Lepoivre, J. Nicolet, J.-C. Roussel, B. Rozec, M. Yourc'h and E. Bigot-Corbel e218
- Sugammadex or neostigmine: should potential anaphylaxis be the overriding factor in the choice of a reversal drug? Comment on *Br J Anaesth* 2020; 124: 154–63**
H. D. de Boer and J. M. Hunter e220
- Exploratory analysis of POPULAR data: learning to improve. Comment on *Br J Anaesth* 2020; 124: 63–72**
M. Carron, F. Linassi, A. De Cassai and P. Navalesi e222
- Examining the correlation between Altmetric score and citation count in the anaesthesiology literature**
L. Q. Rong, A. J. Lopes, I. Hameed, M. Gaudino and M. E. Charlson e223
- Should we accept a higher risk of type I errors in some trials?**
J. Laigaard e226
- Anaesthetic management of subcutaneous abscesses: current status**
T. Poulton, S. P. Hogston, W. S. Bolton, J. R. Burke and D. G. Jayne e227
- Update to 'Deep-learning model for predicting 30-day postoperative mortality' (*Br J Anaesth* 2019; 123: 688–95)**
B. A. Fritz, M. Abdelhack, C. R. King, Y. Chen and M. S. Avidan e230
- Nutritional factors in chronic musculoskeletal pain: unravelling the underlying mechanisms**
Ö. Elma, S. T. Yilmaz, T. Deliens, I. Coppieters, P. Clarys, J. Nijs and A. Malfliet e231
- Adductor canal or femoral triangle block: not a conundrum but a continuum. Comment on *Br J Anaesth* 2020; 124: e194–5.**
G. Pascarella, F. Costa, R. Del Buono, A. Strumia and F. E. Agrò e233
- Effect of intraoperative PEEP and recruitment manoeuvres on postoperative lung aeration. Comment on *Br J Anaesth* 2020; 124: 101–109**
H.-J. Priebe e234

COVID-19 CORRESPONDENCE

- Preparedness for COVID-19: *in situ* simulation to enhance infection control systems in the intensive care unit**
G. Y. S. Choi, W. T. P. Wan, A. K. M. Chan, S. K. Tong, S. T. Poon and G. M. Joynt e236
- Anaesthetic management of patients with COVID-19: infection prevention and control measures in the operating theatre**
W.-Y. Wong, Y.-C. Kong, J.-J. See, R. K. C. Kan, M. P. P. Lim, Q. Chen, B. Lim and S. Ong e239
- Clarifying appropriate personal protective equipment for obstetric anaesthetists amongst controversy and confusion in COVID-19. Comment on *Br J Anaesth* 2020; 124: 670–5**
N. Lucas, S. Bampoe and P. M. Odor e241
- Sustainable response to the COVID-19 pandemic in the operating theatre: need for more than just personal protective equipment**
E. H. L. Cheung, T. C. W. Chan, J. W. M. Wong and M.-S. Law e242
- Evidence of mother-to-newborn infection with COVID-19**
M. Sun, G. Xu, Y. Yang, Y. Tao, M. Pian-Smith, V. Madhavan, Z. Xie and J. Zhang e245
- Spinal anaesthesia and COVID-19 transmission to anaesthetists. Comment on *Br J Anaesth* 2020; 124: 670–5**
R. Smiley e247
- Rational perioperative utilisation and management during the COVID-19 pandemic**
V. Krishnamoorthy, R. Bartz and K. Raghunathan e248
- Failure modes and effect analysis to develop transfer protocols in the management of COVID-19 patients**
S. Sevastru, S. Curtis, L. Emanuel Kole and P. Nadarajah e251

Patients with arterial hypertension and COVID-19 are at higher risk of ICU admission <i>L. Roncon, M. Zuin, G. Zuliani and G. Rigatelli</i>	e254
Cardiac arrest in a COVID-19 patient after receiving succinylcholine for tracheal reintubation <i>T. S. Sigurdsson, A. P. Þorvaldsson, S. Asgeirsdóttir and K. Sigvaldason</i>	e255
Rapid training of healthcare staff for protected cardiopulmonary resuscitation in the COVID-19 pandemic <i>T. W. Foong, E. S. Hui Ng, C. Y. Wee Khoo, B. Ashokka, D. Khoo and R. Agrawal</i>	e257
Extracorporeal membrane oxygenation for COVID-19-associated severe acute respiratory distress syndrome and risk of thrombosis <i>C. Beyls, P. Huette, O. Abou-Arab, P. Berna and Y. Mahjoub</i>	e260
Obesity as a risk factor for poor outcome in COVID-19-induced lung injury: the potential role of undiagnosed obstructive sleep apnoea <i>S. G. Memtsoudis, N. S. Ivascu, K. O. Pryor and P. A. Goldstein</i>	e262
Ultra-portable low-cost improvised powered air-purifying respirator: feasibility study <i>D. Khoo, C.-C. Yen, W. T. Chow, P. Jain, N.-H. W. Loh, W. W. Teo and C. Koh</i>	e264

BOOK REVIEW

Case Studies in Paediatric Anaesthesia vol 64 <i>M. Mahmoud and K. P. Mason</i>	216
