

Corrigendum: Mechanisms of Therapy Resistance in Patient-Derived Xenograft Models of BRCA1-Deficient Breast Cancer

Corrigendum: Mechanisms of Therapy Resistance in Patient-Derived Xenograft Models of BRCA1-Deficient Breast Cancer by Petra ter Brugge et al. JNCI J Natl Cancer Inst (2016) 108(11): djw148

The first sentence on page 2 should read, “Breast cancer affects approximately 1 million women each year and approximately 15% of all breast cancer cases are triple-negative breast cancers (TNBCs) (1).”

The authors take responsibility for the error.
