

Disclosure of relevant financial relationships

The Board of Directors of the American Academy of Dermatology requires that all participants in the Annual and Summer Meeting comply with all applicable laws and regulations governing disclosure. Session directors and faculty are required to provide the Academy with a comprehensive disclosure of financial relationships with a commercial interest producing health care goods or services consumed by or used on patients. Individuals who refuse to disclose relevant financial relationships are disqualified from participation in the educational program(s). Disclosure statements must include all financial relationships occurring within 12 months of the educational activity. If no financial relationships exist, the individual is required to indicate such on their disclosure form.
