

Erratum to: Fracture of Pyrocarbon Humeral Head Resurfacing Implant: A Case Report (*J Shoulder Elbow Surg*, 29(8): e306-e312, August 1, 2020; doi: <https://doi.org/10.1016/j.jse.2020.02.028>).

In the above submission to the *Journal of Shoulder and Elbow Surgery*, conflicts of interest were declared by the authors of the original article. Specifically, Pascal Boileau listed “Consultancy and royalties for Wright Medical,” and another author, Marc-Olivier Gauci, listed “Consultant for Wright Medical.”

In the final article proofs the editors receive for editing prior to publication, for some reason, these conflicts of in-

terest were not listed. This was not caught by the editors, and the disclosures were not published in the article. This was a mistake by the Journal, and not by the authors of the article. The editors and the publisher apologize for this error.

William J. Mallon, MD
